Da Vinci Day

Da Vinci Day was held on Tuesday April 15th. Students were required to make a contraption to go down a zip-line for the “Zippity Do Da” challenge held in the gym. This contraption was supposed to hold an object to slide down the zip-line and be propelled across the room.

“It took about two to three class periods to build, and we used a water bottle, string, and the catapults we made from STEM this year,” says Zac.

Armando states “We did the project all by ourselves. We did not think we would

win... At the last trail, we got really scared that the string wouldn't pull.”

Good job to both of them and... Congratulations!

Art Show Results

Congratulations those who won in the Mustangs Art Show on Thursday April 17th. Good job to Miranda Dominguez for the two-dimensional art class and two-dimensional outside of class art, Neely Estey for three-dimensional in class art, Michael Dowell in photography, and Best of Show to Aubrey Gilmore. Your art is inspiring to all Mustangs here and others outside the school as well. You are representing the school. Thank you and good job!

Mrs. Austin Interview

Q: Why did you choose teaching as your career?

A: "Because I love educating young minds."

Q: What is your favorite part about your job?

A: "When a struggling student "gets it"."

Q: What made you want to become a teacher specifically a science teacher?

A: "Science is awesome!"

Q: What collage did you go to and what was your degree?

A: "Cornell University, and my degree was in science of Earth systems. Go Big Red!"

Renaissance Faire!

7th grade! Learn about the life of people during the Renaissance! "They get a deeper understanding of what day-to-day life was like," said eighth-grade history teacher Randy Peters. Dress up and learn about chivalry during this activity!

80's Dance!

Don't miss out on the upcoming 80's dance that the students voted on during lunch. It's a fun time to hang out with friends, dance, and have fun! Tickets will be sold at both lunches for \$5.00. Hope to see you there!
