Recent Events by Linda Voss

On Saturday, March 1, Mesa View Middle School held a 5K Run With the Mustangs. Congratulations to Jarrett D., first place, Mr. Gordon, second place, and Sam S., third place. On the same day, we had the Bicycle Safety Fair! Riders got tips on how to stay safe while riding, and got their bikes checked for free! We also had a Law Day on Monday, March 3. Deputy Public Defender Ana Yeager Lee came to visit the eighth grad-

ers during History to discuss the criminal justice system. Thank you Ms. Lee, the eighth graders had an awesome time! On March 8, there was a Run With the Zombies at Wildwood Elementary School! There was food, drinks, awards, and survivors had fun running from zombies! The Spring Dance, held on March 7, was a blast! There was tons of dancing, music, and tons of

laughs! On March 4 and 5, the seventh graders took the STAR Writing Test. We hope you did your best!

Upcoming Events by Linda Voss

On March 13, Mesa View's eighth graders are going to Knott's Berry Farm for Physics Day! Just a few days after that, March 17, is the start of Spring Break. Students and teachers will come

back on Monday, March 31. The sixth graders are having a band concert on Tuesday, April 8. Don't miss out! On April 10, there will be an honor's celebration from 6:00 to 8:00.

Have fun!

Club Activities by Linda Voss

We have many great clubs here at MVMS! If you want to play basketball, you should join the basketball club. You can attend their meetings on Monday or Wednesday at the start of B Lunch, or you can talk to Mr. Saavedra in room F-121. If you are inter-

ested in mythology, join the mythology club! They meet on the first and third Wednesdays of each month in room C-105 during A Lunch. If interested, you can also talk to Mrs. Hagen. If you want to join the running club, you can talk to Mr. Gordon in room H-

101, or attend their meetings on Monday, Wednesday, or Friday from 2:30–3:30.

Student Highlights by Richard Becker

Our student highlight this week is Daniel Waddell. He was born October 6, 1999 in Victorville California. He has two sisters and one step sister. His sisters names are Emily and Erica, his step sisters name is Charlene. His hobbies are basketball and videogames his favorite subject is history because he enjoys learning of the past and he said "Mr. Peters is

awesome". His least favorite subject is English because he doesn't care for writing stories or thinking about literature. Daniel hopes to become a robotic engineer when he gets older. Daniel participates in basket ball club . He told me that he enjoys basket ball club because he can play the sport he loves and hang out with friends. In bas-

ket ball club they practice shooting and play 3-on-3 games against each other.

Staff Highlight by Richard Becker

Our staff highlight is Michelle Acosta one of our security personnel here at Mesa View. She was born a long time ago in Redlands California. She went to college at San Bernardino State University. She chose to be a security officer because she enjoys the kids. She didn't always want to be a security officer instead

she wanted to be an archeologist because she enjoys discovering new things. Her hobbies are softball, reading, and her grandkids. If Mrs. Acosta were to go back in time she said that she would have changed senior prom. Her 5 favorite part of her job is the kids and her least favorite part is having to

discipline the kids. The craziest thing she has ever done was sky diving and her biggest accomplishment is her kids.

Life at Mesa View by Richard Becker

Recently at Mesa View, March 1, we ran with the mustangs in Mesa View's annual 5K race. Everyone who participated got P.E. run credit. Shortly after, we had our Bicycle Safety Fair. Riders got their bikes repaired for free and learned about the safety of bikes. Then on March 6, some of our eighth grade girls went to an AAWU Conference.

They learned a little more about different careers in STEM, and how to be successful in those careers. On March 7, we had a St. Patrick's Day Dance! Everyone danced and just had fun with their friends. On Thursday, March 13, our eighth graders are going to Knott's Berry Farm for Physics Day. The day after that,

March 14, is Pi Day! Have fun in math and celebrate by eating some pie. The Monday after that, March 17, is Spring Recess! Have fun with friends and relax!
