Coach White

Coach White has always been interested in sports. He is a P.E. teacher at Mesa View Middle School. Why? Because he enjoys coaching, likes being outside and getting kids involved in fitness. Coach White got a job teaching at Mesa View because he once taught at Canyon Middle School and then after it closed down he went for the interview and got hired at Mesa View. Coach White says having smaller classes and adding more fitness would improve P.E. here at Mesa View. "What are some ups and downs about teaching middle school P.E.? We asked. They aren't a lot of downs, maybe only lazy kids, mostly ups, I enjoy seeing the kids playing and having a good time." His favorite sport through out the year is football. He enjoys the sport. He likes it because there are a lot of different plays. Coach notices that students struggle with the activity Volleyball. Coach also notices that the students here do very well in running. Over all Coach White has learned that his students that he has had are going to grow up and be very successful. At the end of the day coach says, "I love my job, and I love coming to work!"

The end of the year is rapidly approaching, and with only a month left, students tend to focus more on their summer plans than their grades.

However, if you do this, you may be in trouble, because if you have more than one 'F' grade after May 7th, you will not be able to attend the 8th grade promotion and awards ceremony. Make sure you fix your grades!
