Calendar

As for our job we would like to give you information on the next upcoming events here at Mesa View Middle School.

- Progress Reports are going to be mailed out Friday March 2, 2012 .
- **SPRING BREAK** is coming!!
March 5—March 16.
- Saturday school on February 24 and March 23 @ 8:00 - 12:00
- Also the Spring dance is March 30 @ 6PM

Spring Break

Spring break is coming up so you better get caught up on your work and get ready to have fun!!!

Spring break starts on March 3rd and ends on March 11th so you have 8 days all about yourself. You might be thinking why this spring break is so early this year?

The school district made it this way because they needed it to fit Yucaipa High School's schedule. Remember 8th graders that you are going to the high school next year so you should accomplish some things before you go and spring break is the perfect chance to do that.

Here are a list of things you can do over spring break.

- Hang out with your friends
- Hang out with your family
- Work on your hobbies
- Have fun

P. E. Sports

Currently in P.E. Coach White's class is playing hockey and Coach Peltzer's class is playing volleyball. They try to give us some of the best equipment so that we enjoy the sports more. We need to take good care of all the equipment that we are blessed to be using. The physical education department doesn't get that much money for equipment so they are doing the 5k run to raise money for that department and more books for other classes.

Hockey is an aggressive sport that involves a puck, many players, and hockey sticks. There are many penalties in this game so watch out for high-sticking, lofting, and hooking. High-sticking is when you hit the puck and your stick goes above your knee. Lofting is when you hit the puck and it flies into the air, this is intentional. Hooking is when you hook someone's feet or ankles so they trip or to delay them from getting the puck.

Volleyball is an extracurricular activity that stimulates the eye's and brain's activity. There is a test for it where you have to see how hard you bump the volleyball. This game consists of a net, many players, and a volleyball. Every time you serve, you have to rotate positions so everybody gets a try on the many different positions. You have to bump the volleyball over the net to the opposing team then they have to bump it back.

Run with The Mustangs

The Run with the Mustangs on Saturday 18 was a great turn out. We had a lot of students and parents participated in the run/ walk. It was good to participate, because after you have participated you get automatic points for your miles and you won't have to run anymore for the rest of the school year! They also held a 1k during the 5k for all the younger kids to

run. Our fastest runners ran within 18 minutes. All runner did a great job to all who participated in this years annual 5k! You did

Teacher Talk

Mrs. Murch

Mrs. Murch says she enjoys teaching 8th grade history, because our county's history is fascinating. She picked teaching as her job, because she loves kids and everyone she knows is or was a teacher. Including

her mother and grandmother. Her hobbies outside of school are cooking and shopping. Journalism was one of Mrs. Murch's favorite subjects in school, because you were able to write about any topic you like. She had amazing people in her life to inspire her to teach other students. Mr. Opsahl was one of her teachers when she was younger. As you all may have heard Mrs. Murch is having a baby! Congrats!!

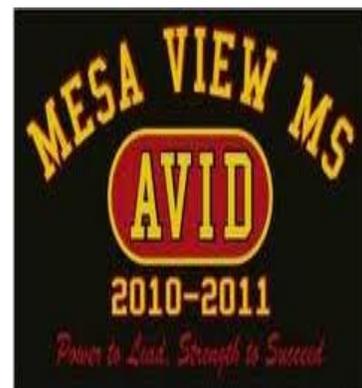

AVID

AVID- (Advanced - Via - Individual - Determination)

Avid helps people with college. If You Want to get in college the avid teachers can help you. They make sure your grades are good, help you with essays and so

much more. Avid is something I would recommend to people. You need to have good grades to get in Avid (in the beginning of the year) you must keep your good grades to stay in the class. Try AVID.

Everyday Lunch
Everyday at lunch you
Have a decision to get
your own lunch and it
comes with one juice. Milk,
your choice of lunch and a
bag of chips.
